SPINNY ASSIGNMENT

THURSDAY, DEC 29

SPINNY ASSIGNMENT

- Firstly, kindly find the attached data sheet, screen the companies and visualize them according to sub-sectors using a pie chart or a bar chart.
- Secondly, visualize the companies by segregating them according to Market Cap in three categories: Large Cap(>20,000 crore), Mid Cap (5,000 to 20,000 crore) & Small Cap(<5,000).
- Thirdly, pick 10 random companies from the entire group and visualize the following through a line chart
Find the Intrinsic Value of the company based on 3 cases of growth (g): Assume
3 Cases for g (Growth) : Good (15% Growth) ; Bad (-5% Growth); Best (25%Growth)

Visualize these 10 companies on a line chart for all 3 cases of growth going forward against its current market cap.
